

Employee Scheduler and Timeclock Attendance

Make You More Available.

<https://shiftee.io>

---

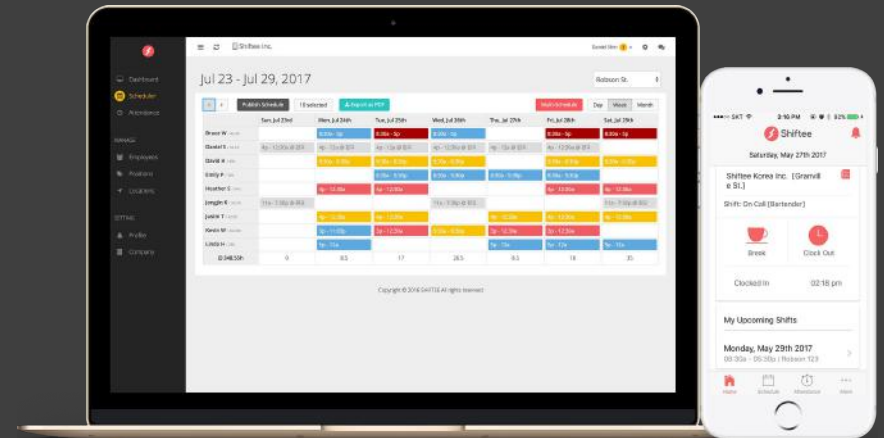

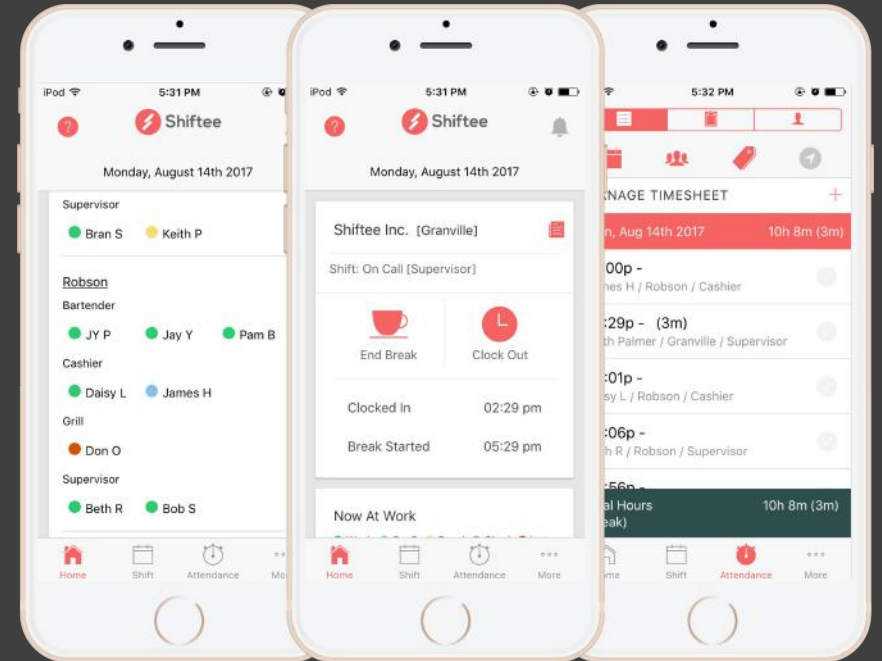

# Issue

- Scheduling employees with Excel and sharing via messengers.  
=> **Inefficiency**
- **Faking Attendance** and **Buddy-clocking**.
- **Difficult to Centralize Control** to the head-office in managing shifts and attendances of multiple locations.
- Complicated **Payroll Processing**
- Unnecessary Process of **Vacation Requests and Approvals**

# Solution

- Effortless Scheduling and Sharing among Employees
- Prevent Buddy-Clocking and Faking Attendance
- Easy to Access and Manage from Head-office:
  - Access Levels
  - Multi-Locations
- Payroll processing based on hourly wage
- Approve Vacation Requests via Mobile or Web App

# Shift Scheduler

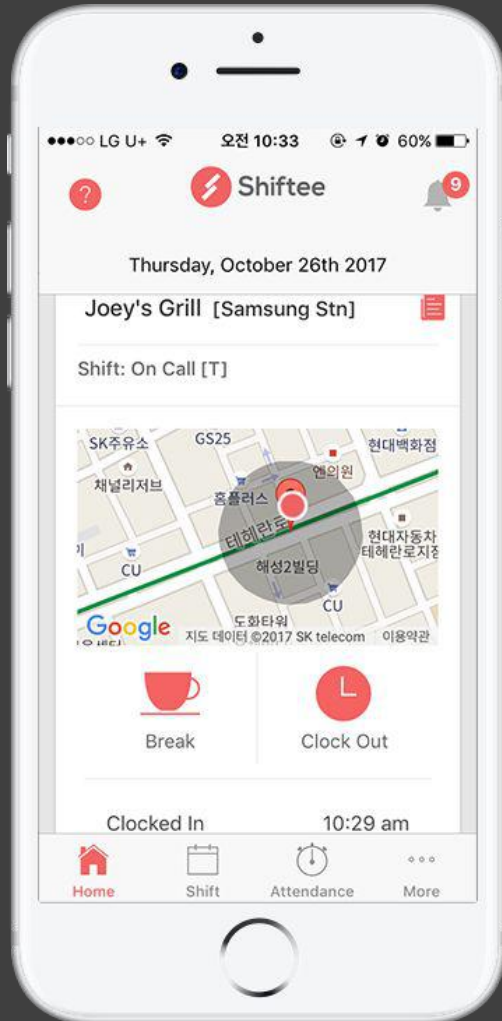

## Hassle-free Scheduling and Sharing

(PC + Mobile)

- Manage schedule at your fingertips
- Share with employees
- Feature:
  - **Multi-Schedule** for Mass Scheduling
  - **Shift Template** for Frequently Used Shifts
  - **Approve** Shifts to Finalize Schedule

# Timeclock

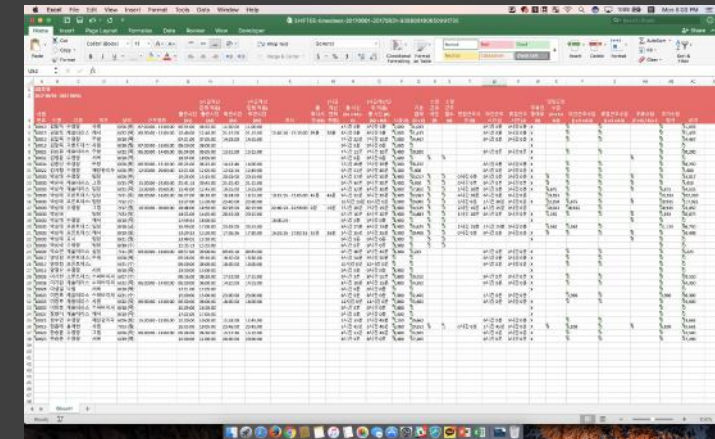

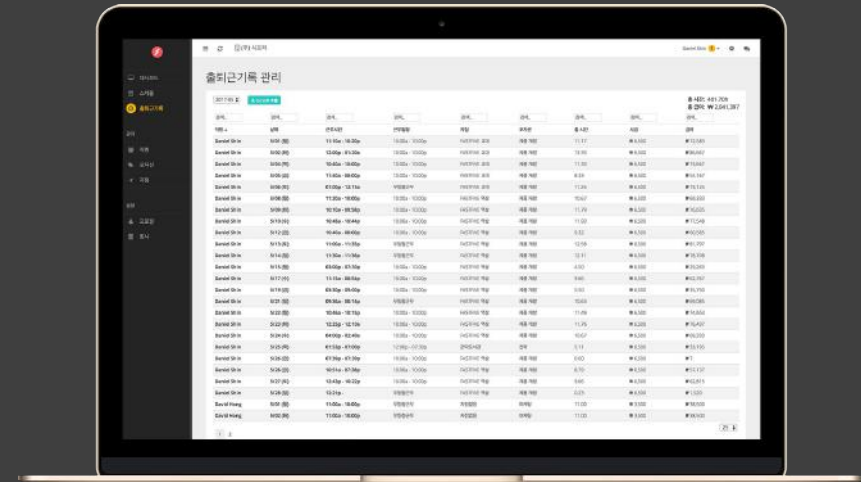

## Reliable Timeclock Attendance

- Use smartphone to clock-in/out
- Area restricted to GPS coordinates or WiFi
- Prevent faking attendance and buddy-clocking
- Real-time management of attendances from all locations
- Approve and Export to Excel
- Real-time Notifications: Late, Overtime

# Automate Payroll

## Payroll Processing

- Set Employee's Hourly Wage
- Automated payroll processing
- Set various attendance rules
- Overtime, Night Time, and Weekly Holiday Pay
- Access and Manage Anytime, Anywhere.

# Fit For Large Corp.

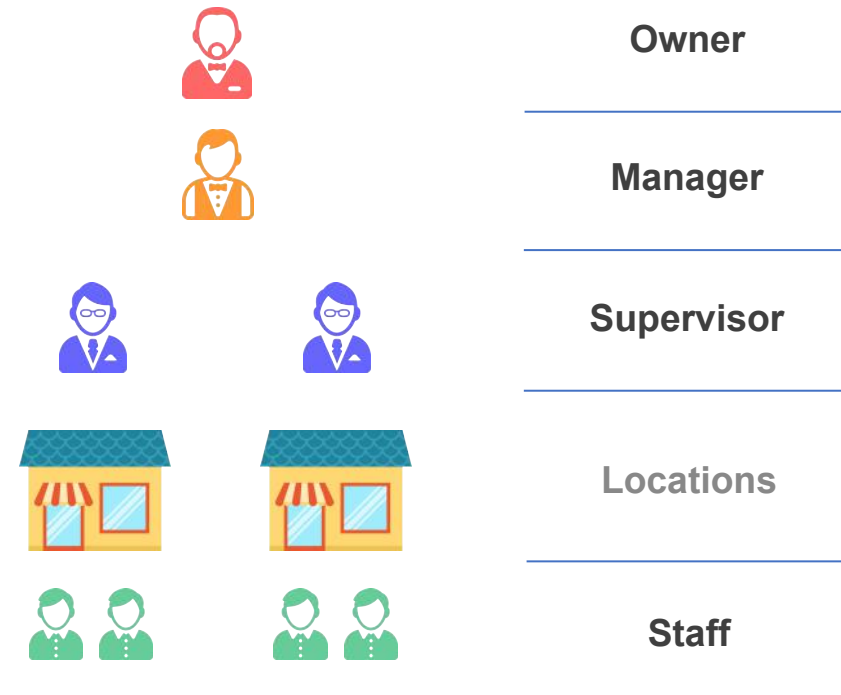

## Multi-Location

- Mgmt: Create multiple location under one company
- Staff: CAN be assigned to many locations
- Easily centralize attendance management

## Access Level Privileges

- Differentiated authority for each access level.
- Assign 'Supervisor' to each location to delegate managing roles.

## Access Levels and Locations

# Then & Now

Jan 2017: Official Launch

Mar 2017: Incorporated

Aug 2017: Investment from Mashup Angels
